IRB Policy RE: Watermark Stamp Procedures

To Whom It May Concern:

Effective June 1, 2024 the Institutional Review Board (IRB) of the MetroHealth System does not require or include stamps of any kind on materials that are not used for documenting written consent of participating subjects.

Per IRB policy, the only document provided with an approval stamp is a document used to obtain subject consent with a signature.

If you have any questions about the information in this letter, please contact the IRB administrative staff.

Sincerely,
